1 General Notes

Bosch Security Systems, Inc. found the following Notification Appliance Circuit (NAC) devices compatible with the FPA-1000-UL Compact Fire Panels.

**NOTICE!**

Bosch makes no written, oral, or implied claim that any NAC devices, other than the ones listed in this document, work with the FPA-1000-UL Compact Fire Panels.

**NOTICE!**

To be UL 864 9th Edition compliant, use only the notification devices listed in this document with the FPA-1000-UL.

When using synchronized Wheelock products, the maximum allowed is 27. With synchronized System Sensor products, the maximum allowed is 25. With synchronized Gentex products, the maximum allowed is 23. These are the maximum number of devices; high-current setting reduces this quantity.
