Keypad Programming

[000] Keypad Assignment (Section 2.6 "Keypad Assignment")

NOTE: This must be done at each keypad requiring programming.

- [0] Partition and Slot [Valid entries are 0 (Global),1 and 2 for the Partition and 1-8 for the Slot]
- [1] Function Key 1 Assignment (Valid entries are 00-18)
- [2] Function Key 2 Assignment (Valid entries are 00-18)
- [3] Function Key 3 Assignment (Valid entries are 00-18)
- [4] Function Key 4 Assignment (Valid entries are 00-18)
- [5] Function Key 5 Assignment (Valid entries are 00-18)

Programming LCD5500 Keypads

How to Program the LCD Keypad

If you have an LCD5500 Keypad additional programming is required for proper operation. The following is a description of the programming options available:

How to Enter LCD Programming

- Step 1 Press [*], [8], [Installer Code] (Enter Installer Programming). Press the [*] key
- Step 2 Enter the 2 digit Section number to program.

Follow the programming procedure as outlined in Section 4 - "How To Program" - in the PC5010 Installation Manual.

Programmable Labels

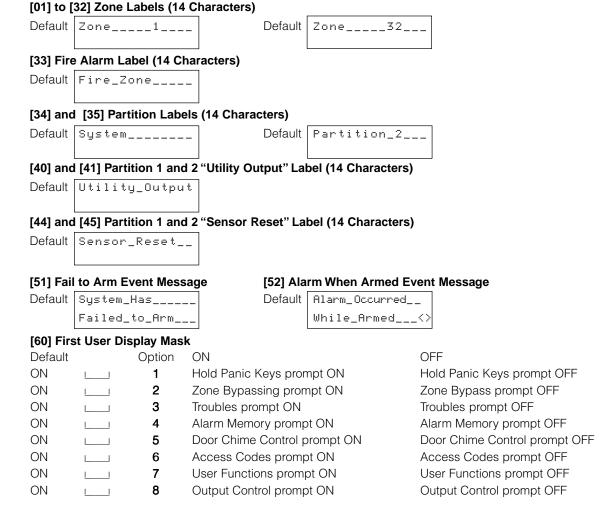

LCD display labels can be changed from their default settings to make operation of the system easier for the end user. The following is the procedure for changing labels:

- Step 1 Enter LCD Programming.
- Step 2 Enter the Number corresponding to the label you wish to program.
- Step 3 Use the arrow keys (<>) to move the underline bar underneath the letter to be changed.
- Step 4 Press the number key [1] to [9] corresponding to the letter you require. The first time you press the number the first letter will appear. Pressing the number key again will display the next letter. Refer to the following chart:

[1] - A, B, C, 1 [3] - G, H, I, 3 [5] - M, N, O, 5 [7] - S, T, U, 7 [9] - Y, Z, 9,0 [2] - D, E, F, 2 [4] - J, K, L, 4 [6] - P, Q, R, 6 [8] - V, W, X, 8 [0] - Space

- Step 5 When the required letter or number is displayed use the arrow keys (<>) to scroll to the next letter.
- Step 6 When you are finished programming the label, press the [*] key and scroll to "Save" then press the [*] key again.
- Step 7 Continue from Step 2 until all labels are programmed.

[98] Initiate Global Label Broadcast

All LCD programming is done by keypad. If more than one LCD keypad is present it is not necessary to program each independently. Labels programmed in one keypad can be broadcast to all other LCD keypads. The following is the procedure for broadcasting labels:

- Step 1 Program one LCD keypad completely.
- Step 2 Make sure all LCD keypads are connected to the KEYBUS.
- Step 3 Enter LCD Programming at the keypad that was programmed.
- Step 4 Enter Section [98] at the keypad that was programmed.

The keypad will now broadcast all the information programmed to all the other LCD keypads on the system.

When the keypad is finished press the [#] key to exit.

[99] Factory Default LCD Keypad

The following is the procedure for factory defaulting an LCD keypad:

• Enter LCD Programming at the keypad to be defaulted. Enter Section [99]. Press the [#] when programming is complete
