

PTZ V5.7.11 Release Note (2022-09-18)

Firmware Basic Information	Firmware Version: V5.7.11 build220905
---	---------------------------------------

Features

● Modified Features

- Support ezviz cloud online upgrade
- Compatible with the new hardware modules: NL668-CN30
- Fixed the probabilistic abnormal boot phenomenon

Customer Impact and Recommended Action

This update refers to function/compatibility improvement and will take effect automatically after the Date of Change. We are very sorry for any inconvenience of use-habit changes caused by this action.

For any questions and request for this firmware, please contact our local technical support team.

Remarks:

- Hikvision reserves the right to change, alter or withdraw the above notification without prior notice.
- Product design and specifications are subject to change without prior notice.
- The Hikvision firmware may contain errors known as errata which may cause the product to deviate from

published specifications. Current characterized errata are available on request.

- Hikvision is not liable for any typing or printing errors.
