

## IPD V5.7.11 Release Note (2022-08-16)

|   |                                       |
|---|---------------------------------------|
| <b>Firmware<br/>Basic<br/>Information</b> | Firmware Version: V5.7.11 build220801 |
|---|---------------------------------------|

### Features

- **Modify function**

Fixed some known issues

### Customer Impact and Recommended Action

This update refers to function/compatibility improvement and will take effect automatically after the Date of Change. We are very sorry for any inconvenience of use-habit changes caused by this action.

For any questions and request for this firmware, please contact our local technical support team.

#### **Remarks:**

- Hikvision reserves the right to change, alter or withdraw the above notification without prior notice.
- Product design and specifications are subject to change without prior notice.
- The Hikvision firmware may contain errors known as errata which may cause the product to deviate from published specifications. Current characterized errata are available on request.
- Hikvision is not liable for any typing or printing errors.
