	iVMS-4200	V2.6.11.5_180905

People Counting Camera Firmware V5.4.80 build181112 Features

1. New Features

- Newly add the “HTTP Listening” tab interface. ANR function is added newly and is enabled by default. It will be enabled when upgrading from previous version to the new one.=
- The data of people counting will be saved in the flash when occurring power-off or network disconnection phenomenon. The data will upload to server after recovering the network.
- Hik-Connect is newly supported and is disabled by default. Verification code is necessary when first enabling Hik-Connect and QR code will be added in the label of camera body.
- For the device without QR code, it is necessary to input the verification code that can be checked in the web manually.
- ANR isn't supported for Hik-Connect.

- Real-time uploading isn't recommended to be enabled, which may influence the Hik-Connect platform.

Compatibility Update

- ISAPI:

Version: V2.4

- ONVIF:

Version: V1612; Official test tool: 1711

- Hik-Connect:

Version: V1.7
