Product:	Video Intercom			Page:	2 of 3

2. Upload applications to Android Indoor Station

1) Go to Access Control → Video Intercom → Application Software → Upload Application Software.

2) Choose the installation package and upload it.

Note: The indoor station only supports no more than 2 APPs.

Note: The storage of the APP you intent to install should be **less than** 150 MB. The flash memory resources should be **less than** 300 MB, or the overload data would be clear, but you can customize it up to 4 GB for DS-KH9510-WTE1.
